

Company Profile

KYJM Fashion

KYJM Fashion is a leading buying house and buyer's representative based in Bangladesh and has exposure in this trade since 2009. We supply our quality garments to many internationally reputable buyers/importers and departmental chain stores within the EEC markets. Since our establishment we have developed long term trade relationship with most of our potential buyers & earned trust in their respective markets.

We do offer all kinds of knit-T-shirt, polo-shirt, pique polo tank tops etc. with different print, style & embroidery (for kids, ladies & gents). We assure premium-quality and delivery within the scheduled time frame. As a Buying house we can supply garments to suits the color, fabric and style as of the current season based on the sketches & measurements specified by the buyer.

We have also a strong source of ready stock knit fabric to offer all kinds of knit-Men and Ladies T-shirt.

KYJM Fashion work force consists of highly experienced Q.Cs (Quality Controllers) and we have the necessary qualifications to be your trusted buying agents in Bangladesh. As a "YOUR NAME" team we know our customer has a choice and our aim is to full fill their requirements with our best ability. We know this can only be possible by focusing on our customer's business & protecting their interests' requirements. We will go the extra mile & come up with an extra idea/modification (if you prefer) to demonstrate that we can make a difference in both fashion & cost. As a company, our strategy is to create sustaining values for our customers/buyers far better than those of our competitors.

We have also a continuous factory assessment program which enables an accurate match between buyer needs & factory space booked by us. We also ensure that your orders are handled by reliable & financially stable factories which have a "Total Quality Orientation".

Today's Bangladesh is an important source for all types of ready-made garments for importers, retailers & chain stores in the developed countries. Keeping pace with the changing world the garments industries in Bangladesh are becoming more & more dynamic and also becoming globally popular for its reputation in locally produced fabrics & labor cost.

Buyers/importers can enjoy further cost reduction when ordering garments made from locally produced fabric/yarn – entitle for REX, discount-applicable for EEC countries.

This is an opportunity for all new buyers to increase their profit margin at the same time can satisfy consumers with quality products that we deliver.

If any buyer/importer/wholesaler/department chain stores wish to do business with us, we can give you our best assurance for our committed service with all types of feed back with samples including attractive price quote.

We are 100% export oriented company and we believe that the truly powerful & enduring alliances can only be guaranteed by delivering total customer satisfaction in the garmenting & related service.
